

NEAR EAST UNIVERSITY

FACULTY OF ECONOMICS AND ADMINISTRATIVE SCIENCES

BA PROGRAM in ECONOMICS

COURSE CATALOGUE

2021-22 FALL

➤ **QUALIFICATION AWARDED**

The students who successfully complete the program are awarded the degree of Bachelor of Art in Economics.

➤ **LEVEL OF QUALIFICATION**

This is a First Cycle (Bachelor's Degree) program

➤ **SPECIFIC ADMISSION REQUIREMENTS**

In the framework of the regulations set by Higher Education Council of Turkey (YÖK), student admission for this undergraduate program is made through a university entrance examination called ÖSYS. Following the submission of students' academic program preferences, Student Selection and Placement Center (ÖSYM) places the students to the relevant program according to the score they get from ÖSYS.

International students are accepted to this undergraduate program according to the score of one of the international exams they take such as SAT, ACT and so on, or according to their high school diploma score.

Exchange student admission is made according to the requirements determined by bilateral agreements signed by NEU and the partner university.

Visiting students can enroll for the courses offered in this program upon the confirmation of the related academic unit. Additionally, they need to prove their English language level since the medium of instruction of the program is English.

➤ **QUALIFICATION REQUIREMENTS AND REGULATIONS**

The students studying in this undergraduate program are required to have a Cumulative Grade Points Average (Cum. GPA) of not less than 2.00/4.00 and have completed all the courses with at least a letter grade of DD/S in the program in order to graduate. The minimum number of ECTS credits required for graduation is 240. It is also mandatory for the students to complete their compulsory internship in a specified duration and quality.

➤ **RECOGNITION OF PRIOR LEARNING**

At Near East University, full-time students can be exempted from some courses within the framework of the related bylaws. If the content of the course previously taken in another institution is equivalent to the course offered at NEU, then the student can be exempted from this course with the approval of the related faculty/graduate school after the evaluation of the course content.

➤ **PROFILE OF THE PROGRAM**

The students in the economics programmed are encourage to have vocational training even though is not compulsory for graduating. The students are required to have their vocational training not only in Cyprus where the university takes place but also in the countries that the foreign students are coming. By this way students can find a chance to establish a link with the theoretical courses they take and the real work life. This will automatically is giving them a chance to have a working experience before graduating.

➤ **PROGRAM OUTCOMES**

Program Outcomes	
PO 1	To be able to understand and explain the role of economic institutions and organizations in the economy
PO 2	To be able to use mathematical, econometric and statistical methods in the analysis of economic theories
PO 3	Be able to define which tools will be used in the implementation of economic policies
PO 4	Be able to match the information gained in economic theories with current living formations
PO 5	To be able to use information technologies in the analysis and implementation of economic theories
PO 6	To be able to comprehend and interpret the global economy and global institutions such as EU
PO 7	To be able to comprehend and interpret the relations between economics, law and social events
PO 8	To be able to comprehend and interpret international economic relations
PO 9	To be able to prepare scientific projects by using scientific research methods
PO 10	Being able to take responsibility for ethical and occupational perceptions and to be respectful to social values
PO 11	To be able to generate ideas by following all the developments that have taken place in national and international economies
PO 12	To be able to comprehend and interpret relations and interactions between economics and other social sciences
PO 13	To be an expert in the solution of economic problems in the future and having foreign language knowledge to follow the renewed international literature

➤ OCCUPATIONAL PROFILES OF GRADUATES

The working areas that students mostly choose for their vocational work is recommended to be banks, exchange markets, stock exchange markets or the Ministry of Economics and Finance. In Nicosia in Northern part there is Europe Center, which is established by the EU to make Turkish Cypriots more close to the EU. This center is also a good chance for the students to have their vocational study as the students in Economics Department is well informed about EU due to the design of the courses in the programme.

➤ ACCESS TO FURTHER STUDIES

The students graduating from this program may apply to graduate programs.

➤ PROGRAM STRUCTURE

The undergraduate program in Computer Engineering consists of 46 courses with 240 ECTS credits in total.

There are at least 5 courses in each semester, excluding common compulsory courses and elective courses.

In each program, there are common compulsory courses identified by the Higher Education Council of Turkey (YÖK) and other common courses determined by the University Senate.

Beginning from the junior (third) year, elective courses are anticipated in each semester.

26% of the elective courses are taken from other faculties.

There are at least 10 elective courses in each undergraduate program.

COURSES OFFERED THROUGHOUT THE UNIVERSITY

Common University Courses	Campus Orientation	The students are registered to this course at the beginning of the first semester of the freshman year to familiarize them with the campus life at NEU.
	Career Planning	The students are registered to this course at the beginning of their second semester of the freshman year to help them prepare for work life after graduation.
	Cyprus History and Culture	This course is taken by students in their freshmen year and it aims to help them to familiarize them with the local history and culture.
Common Compulsory Courses (YÖK Courses)	Turkish Language I-II (Turkish for Foreigners I & II to replace this course for international students) Principles of Atatürk and History of Revolution I-II	These are the compulsory courses which are required to be offered in all of the associate and undergraduate programs in Turkey according to the Higher Education Legislation.
	Information Technologies	This course is anticipated in all the associate and undergraduate programs in Turkey in order to make the students gain the qualifications related to basic information technologies.
	Foreign Language (ENGLISH) I & II	This course is offered in the first and second semester and conducted according to the program curriculum of each faculty.

Additional Notes

A total of 240 ECTS credits of courses are required to graduate. The Economics Department students must complete elective courses to provide a total of 240 ECTS credits. Otherwise they will not be deemed to fulfil the conditions to graduate from the program.

Important Information about the Elective Courses

The students of Economics department must take 12 technical elective courses to graduate.

These courses must be selected from the Technical Elective Courses list. Courses that are not in this list cannot be accepted as technical electives.

ECTS credits of elective courses should be equal or greater than the credits specified in the curriculum.

Important Information about the Non-technical Electives

The students of Computer Engineering department must take 3 non-technical elective courses to graduate. These can be selected from the General Elective Courses (courses with GEC codes) or Generated Common Elective (courses with GCE codes), which are offered by the Common Courses Coordination Unit (odk.neu.edu.tr). The list of these courses are updated every semester.

ECTS credits of GEC/GCE courses should be equal or greater than the credits specified in the curriculum.

* The Computer Engineering students must ensure that while selecting a new technical, GEC or GCE elective course, it should not be the same, similar or less comprehensive as any course you have previously taken in your curriculum or any compulsory course in your curriculum that you have not taken yet. In this case, the courses you have taken will not be counted as any elective courses and will not fulfill any qualifications in the curriculum.

If you need support for these courses due to your disability, please refer to Disability Support Unit.

Exam Regulations & Assessment & Grading

Exam Regulations and, Assessment, and Grading

For each course taken at NEU, the student is given one of the letter grades below by the instructor as the semester course grade. Each grade has also its ECTS grade equivalent

The table below provides the detailed information about the local letter grades, coefficients and ECTS grade equivalents.

SCORE	GRADE	COEFFICIENT	ECTS Grade
90-100	AA	4.0	A
85-89	BA	3.5	B*
80-84	BB	3.0	B*
75-79	CB	2.5	C*
70-74	CC	2.0	C*
60-69	DC	1.5	D
50-59	DD	1.0	E

49 and below	FF	o.o	F
--------------	----	-----	---

*for these ones, the higher grade is applied

In order to be successful in a course, short cycle (associate degree) and first cycle (bachelor's degree) students have to get a grade of at least DD, second cycle (master's degree) students have to get a grade of at least CC, and third cycle (Ph.D.) students have to get a grade of at least CB to pass a course. For courses which are not included in the cumulative GPA, students need to get a grade of S.

Apart from that, each local grade has its equivalent ECTS grade which makes it easier to transfer the grades of mobility periods of students. The chart above shows the ECTS grading system at NEU.

Also, among the Letter Grades;

I	Incomplete
S	Satisfactory Completion
U	Unsatisfactory
P	Successful Progress
NP	Not Successful Progress
EX	Exempt
NI	Not included
W	Withdrawal
NA	Non-Attendance

Grade of I (Incomplete), is given to students who are not able to meet all the course requirements at the end of the semester or summer school due to a valid justification accepted by the instructor. Students who receive a letter grade "I" must complete their missing course requirements and receive a letter grade within one week following the date the end of semester grades or summer school grades submitted. However, in the event of special cases, this period can be extended until two weeks before the beginning of registration for the next semester, upon the recommendation of the respective Graduate School department head and the decision of that academic unit's administrative board. Otherwise, grade of "I" will automatically become grade of FF, or grade of U.

Grade of S (Satisfactory) is given to students who are successful in non-credited courses.

Grade of U (Unsatisfactory) is given to students who are unsuccessful in non-credited courses.

Grade of P (Successful Progress) is given to students, who continue to the courses that are not included in the GPA that has a period exceeding one semester, and regularly performs the academic studies for the respective semester.

Grade of NP (Not Successful Progress) is given to students, who do not regularly perform the academic studies for the respective semester for courses that are not included in the GPA and have a period exceeding one semester.

Grade of EX (Exempt), is given to students who are exempt from some of the courses in the curriculum.

Grade of NI (Not included) is issued to identify the courses taken by the student in the program or programs which are not included in the GPA of the student. This grade is reported in the students' transcripts with the respective letter grade. Such courses are not counted as the courses in the program that the student is registered to.

Grade of W (Withdrawal) is used for the courses that the student withdraws from in the first ten weeks of the semester following the add/drop period, upon the recommendation of his/ her advisor and the permission of the instructor that teaches the course. A student is not allowed to withdraw from courses during the first two semesters of his/ her associate/undergraduate degree program and from those courses he/she has to repeat and received grade "W" before, which are not included in the grade average. A student is allowed to withdraw from two courses at the most during

his/ her associate degree study, and four courses during his/her undergraduate study upon the recommendation of the advisor and the permission of the instructor that teaches the course. A student has to take the course that he/she withdrew from, the first semester in which it is offered.

Grade “NA” (Non-Attendance) is issued by the instructor for students who fail to fulfil the attendance and/or requirements of the course and/or who lose their right to take the end of semester exam because they failed to take any of the exams administered throughout the semester. Grade “NA” is not considered in the average calculations.

Both the ECTS grades and the local grades of the students are displayed on the official transcript of the students.

➤ **GRADUATION REQUIREMENTS**

In order to graduate from this undergraduate program, the students are required;

to succeed in all of the courses listed in the curriculum of the program by getting the grade of at least DD/S with a minimum of 240 ECTS

to have a Cumulative Grade Point Average (CGPA) of 2.00 out of 4.00

to complete their compulsory internship in a specified duration and quality.

➤ **MODE OF STUDY**
