This is a Second Cycle (Master's Degree) program.

- **SPECIFIC ADMISSION REQUIREMENTS**

Prospective students are required to meet the following conditions when applying to master's degree programs:

- **Diploma and Graduation Cumulative Grade Point Average:** A prospective student must have a bachelor's degree diploma and his/her undergraduate cumulative grade point average is required to be higher than the cumulative grade point average specified by the Department/Arts Major.
- **ALES score:** In the line with points required by the program applied, prospective students are required to achieve at least 55 (fifty-five) standard points in ALES in order to be eligible to apply for the master's degree programs with thesis. ALES is not required for student admission to nonthesis master's degree programs, and graduate programs offered by Fine Arts, Performing Arts, and Major Arts departments. Besides, excluding students from Turkey, students from other countries and TRNC are not required to take ALES.
- **Foreign Language Exam:** Prospective students, who apply for admission to master's degree programs where the medium of instruction is the Turkish language, are required to achieve at least a score corresponding to "D" in the NEU Foreign Language Proficiency Test (NPT) held by the NEU Rectorate. Prospective students, who apply for master's degree programs where the medium of instruction is the English language, are required to achieve at least a score corresponding to "C" in the same exam. Foreign language exam is not compulsory for master's programs without thesis; however, in the acceptance of students to the non-thesis graduate programs, foreign language exam conditions may be sought with the decision of the Academic Board of the relevant Department / Arts Major. In cases where foreign language exam is required, prospective students may be exempted from the foreign language (English) exam within the framework of the paragraph (b) of Article 8 of the Institute of Graduate Studies' Regulations.
- **Evaluation:** The result of the written exam prepared by the respective Department/Arts Major, the result of the interview, ALES score and undergraduate grade point average are evaluated for student admission to the master's degree programs. 50% of the written exam and interview results, 40% of ALES score, and 10% of the undergraduate grade point average are taken into consideration, and those, who achieve at least 55 (fifty-five) points in total, are ranked upon the decision of the Chair of the respective Department/Arts Major. As a result of this ranking, the reserve prospective students are determined according to the scoring order within the available quota. By taking into account the letter of reference submitted by the student with his/her application form, and the composition indicating why he/she wants to receive master's degree education as well as his/her goals, an oral evaluation is realized through an interview.

**Grade of I** (Incomplete), is given to students who are not able to meet all the course requirements at the end of the semester or summer school due to a valid justification accepted by the instructor. Students who receive a letter grade "I" must complete their missing course requirements and receive a letter grade within one week following the date the end of semester grades or summer school grades submitted. However, in the event of special cases, this period can be extended until two weeks before the beginning of registration for the next semester, upon the recommendation of the respective Graduate School department head and the decision of that academic unit's administrative board. A student is not allowed to withdraw from courses
